## SECTION 5 – THE SELECTION PROCEDURE

---

The admission test consists in an interview.

Place, date and time of the interview will be published on the Studenti online website ([www.studenti.unibo.it](http://www.studenti.unibo.it)) and on the course website as soon as available. The interview can be carried out in the presence or via skype after recognition of the candidate.

The interview aims at verifying:

- 1) the actual consistency of the candidate's profile with the objectives of the CLABE Buenos Aires Project "Undergraduate course at the Buenos Aires office";
- 2) logical mathematical knowledge;
- 3) the ability to reason and understand the text in English and in Spanish
- 4) the degree of motivation and the attitude to the objectives of the project.
- 5) (eventually) SAT test or TOLC -E (Only tests starting from 01/02/2019 will be accepted). If the candidate takes more than one test, the commission will evaluate only the one uploaded on Studenti Online, following the instructions stated in Section 3 of this call. If the candidate uploads more than one test, the commission will evaluate the most valuable one for the candidate.

A specially appointed examining committee composed of at least three permanent and substitute members (chosen from the teaching staff and researcher belonging to the study courses participating in the project) guarantees the proper running of the procedures of the selections.

## SECTION 6 – RANKINGS

---

The ranking is expressed in 100.

The final score is determined as follows:

- **from -4 to 20:**
- the actual consistency of the candidate's profile with the objectives of the CLABE Buenos Aires Project "Undergraduate course at the Buenos Aires office";
- **from -6 to 30:** mathematical logical knowledge. Candidates who obtain a score of 15/30 or less will be assigned an additional learning obligation - OFA (see section 7);
- **from 6 to 30:** the ability to reason and understand the text in English and to understand a short text in Spanish, the presentation of language certifications;
- **from -4 to 20:** the degree of motivation and the attitude to the objectives of the project.

The SAT test or TOLC-E test eventually presented are evaluated by the Commission up to 5% the score concerning the logical-mathematical skills assessment.

The candidate will be admitted if the score will be equal to or higher than 30/100.

In the event of a tie, priority is given to the youngest candidate.

Admission to enrollment will in any case be determined with exclusive reference to the positioning in the ranking, up to covering the available places. Candidates with a score lower than 30/100 cannot in any case enroll.

**Candidates are requested to check the selection outcomes on [studenti.unibo.it](http://studenti.unibo.it) - the University of Bologna cannot notify successful and unsuccessful candidates via email or post:**

**first intake: by 20/07/2021**

**second intake: by 21/10/2021**

## **7 - OFA – ADDITIONAL LEARNING REQUIREMENTS**

---

If you do not reach a minimum set threshold for math (math only) in your interview, you will be assigned with OFA (standing for Obbligo Formativo Aggiuntivo = Additional Learning Requirement).

The minimum set threshold, for the math sections only, are: 15/30

Having been assigned an OFA does not prevent one from enrolling, going to class and sitting exams; if you are selected, but were assigned an OFA, you can still register to the program and take exams, but must as soon as possible fulfil the OFA requirement. Such requirement is fulfilled by passing the Mathematics exam within 31 March 2023. If you don't you pass the exam within this deadline you will have to repeat the first year, which DOES NOT entail retaking exams you have already passed.

So, if you are listed in the general ranking as admissible, but were not selected, check Studenti Online in the dates indicated; if there are places available and you are still interested in being included in the programme, there might be another chance for you to join in. Remember that you have to **confirm your interest**, by selecting the appropriate button on Studenti Online (if not, you will not be picked up!).
